Information for In-Person Attendees

Location

The designated conference hotel is the Hilton Garden Inn located at 1821 Boren Ave Seattle, WA 98101.

The Learning Session will be hosted at Seattle Children's Building Cure, located at 1920 Terry Ave, Seattle, WA 98101. Once you arrive at Building Cure, please follow the sign to the event entrance along Terry Avenue between Stewart and Virginia Street.

Once you arrive, please check in at the registration table and pick up your name tag.

Breakfast will be available starting 7:30 am PDT on both days. There will be an evening reception for all attendees from 4:30 – 6:00 pm on Day One (10/12) at the Hilton Garden Inn Restaurant & Bar (Floor 1).

Visitor Policies

Visitors are not required to attest to, nor provide proof of COVID-19 vaccination. Similarly, visitors are not required to mask at Building Cure. Please ask a member of the PR-COIN Coordinating Team if you would like for us to provide you with a mask.

For more information about Building Cure and visitor policies, visit: <https://www.seattlechildrens.org/research/contact/building-cure/>.

Parking & Transportation

Are you a Seattle Children's Employee?

The downtown campus is extremely well served by public transit and the Westlake Link Light rail station is a short walk from our buildings. As such we encourage all attendees to utilize public transit if possible. We recommend planning your transit route with [Google Maps](#) or request personalized commute planning [here](#). If not, please consider carpooling, biking, or another non-drive alone method.

If you must drive and park, parking is available in [Building Cure \(1920 Terry Ave\)](#). If your typical worksite is downtown, your Children's badge will allow entrance to the parking garage in this building. If you are not based downtown, please request a day pass and park at Building Cure: <https://seattlechildrens.luum.com/commute/content/commute-options/parking/a-day-pass-single-day-parking-request>.

Are You an External Guest?

The Seattle Children's Research Institute downtown campus is extremely well served by public transit and the Westlake Link Light rail station is a short walk from our buildings. As such we encourage all attendees to utilize public transit if possible. If not, please consider carpooling, biking, or another non-drive alone method.

If you must drive and park, please park at [Seattle Children's Jack R. MacDonald Building \(JMB\)](#). The JMB Parking Garage is located on Stewart Street between Ninth and Terry Avenues. When coming southwest on Stewart Street (which is one-way), turn right into the first alley entrance past Terry. Then, turn left into the parking garage entrance (look for a Diamond Parking sign). Pick up a parking ticket, park, and ask the event staff at the registration table for validation. The event will be held one block down Stewart Street at [Building Cure \(1920 Terry Ave\)](#).

Please reach out to PR-COIN@seattlechildrens.org if you have any questions about the Learning Session. Please reach out to Seattle Children's Transportation by email (transportation@seattlechildrens.org) or phone (206-987-5500) if you have any questions about parking.

Taking the Light Rail from SeaTac Airport?

1. Get on the 1-Line to Northgate
2. Get off at Westlake Station (12 stops)
3. From Westlake Station, walk northeast on Pine St toward 5th Ave
4. Walk on Pine St towards 6th Ave
5. Turn left on 9th Ave
6. Turn right onto Stewart St
7. The Building Cure "event entrance" is located on Terry Ave between Stewart and Virginia St

Public transportation is a very cost-effective and convenient way of getting to and from the airport as well as to get around the city. Learn more about transportation in Seattle at <https://visitseattle.org/visitor-information/getting-around/>.

Information for Virtual Attendees

Testing Your Connect & Audio

Visit the following link and follow the prompts: <https://www.webex.com/test-meeting.html> to test your connection prior to joining the Learning Session.

Communicating within Webex

Please use the chat feature to message with the PR-COIN Coordinating Team (host), presenters, and all other attendees. Note that you may chat with individuals or the whole group.

Breakout Session Procedure

PR-COIN Coordinating Team (host) will assign you into breakout rooms. Please click “join breakout room” when prompted.

How to Access Tech Support

Having technical difficulties? Visit <https://help.webex.com/en-us> to troubleshoot.

Do you need other support? Please directly chat a member of the PR-COIN Coordinating Team and/or A/V Support in Webex.

Connect on Social Media

Use **#PRCOINLearning Session** to share what you are learning or to follow along on whichever social media channel you use.

Keynote Speaker: David Hooper, MD, MS

Dr. Hooper has been on faculty in the Division of Nephrology and Hypertension and the James M. Anderson Center for Health Systems Excellence at the University of Cincinnati and Cincinnati Children's Hospital for 12 years. He is Professor of Pediatrics and has been the Medical Director of Kidney Transplantation for 6 years during which time he has led efforts to develop learning healthcare systems for children with a kidney transplant. In 2016, he founded the Improving Renal Outcomes Collaborative (IROC), a learning health network focused on improving health, longevity, and quality of life for children with a kidney transplant. IROC now includes more than half of all children with a kidney transplant in the United States and has standardized blood pressure management and treatment, has started to improve rejection rates, and houses the world's largest registry of COVID tested pediatric kidney transplant recipients.

Guest Speaker: John Bostick

After 3 years of studying the Learning Health Networks model with Cincinnati Children's Hospital and CincyTech, John Bostick became the founding CEO of Hive Networks. This is John's 5th start-up after an initial 10 years with IBM. John has numerous awards and recognition including the Ohio Valley region's EY Entrepreneur of the Year winner in 2000.

John has also taught publicly the culinary arts with an emphasis on nutrition for 25 years with over 5,000 students and has authored over 500 recipes.

Day One Agenda

Thursday October 12, 2023

8:00 am – 4:00 pm Pacific
 9:00 am – 5:00 pm Mountain
 10:00 am – 6:00 pm Central
 11:00 am – 7:00 pm Eastern

Day One Objectives:

1. Review PR-COIN QI Framework/Flightplan and develop new 90-day goals on data submission
2. Update network on PR-COIN Improving Telemedicine Visits Project
3. Describe best practices in Remote PRO and Goal Setting

PDT	Session Information
8:00 am	Welcome & Introductions Erik Friedrichsen, MPH
8:15 am	State of the Network Esi Morgan, MD, MSCE
8:35 am	Measures Committee Presentation: Performance Results Julia Harris, MD
8:55 am	Parent Story Heidi Barrett (Seattle Children's)
9:10 am	Keynote Address: How Will We Know Our Change is an Improvement? IROC's Pathway to Mastery David Hooper, MD, MS
10:00 am	Break and Stretch Time
10:15 am	Telemedicine Improvement: Optimizing Care to Families with JIA Kristen Hayward, MD, MS
11:00 am	Telemedicine Tools Application: Hands-on Session Kristen Hayward, MD, MS; Mary Toth, MD; Ingrid Goh, PhD; Esi Morgan, MD, MSCE, Erik Friedrichsen, MPH
11:30 am	Best Practice Session: Remote PRO and Goal Setting Tzielan Lee, MD
12:00 pm	Networking Lunch
12:30 pm	QI Framework Update Erik Friedrichsen, MPH
1:00 pm	Storyboard Breakouts All
2:15 pm	Break and Stretch Time
2:30 pm	Registry Spotlight: Hive New Features, Tools, and Demonstration Magen Philips, MPH
2:45 pm	Hands on Community Exercise: Phlox in Action Magen Philips, MPH; All
3:00 pm	Community Building: Connecting With the "Why" of the Registry All
3:20 pm	Team Time All
3:50 pm	Day One Closing All
4:00 pm	End of Day One
4:30 pm	Reception at Hilton Garden Inn Restaurant & Bar Until 6pm

Day Two Agenda

Friday October 13, 2023

8:00 am – 2:00 pm Pacific
 9:00 am – 3:00 pm Mountain
 10:00 am – 4:00 pm Central
 11:00 am – 5:00 pm Eastern

Day Two Objectives:

1. Become familiar with committee activities and progress
2. Hear research and grant updates on shared decision making and completion of race and ethnicity data
3. Gain valuable insights on efficient charting and data upload

PDT	Session Information
8:00 am	Welcome Back & Icebreaker Erik Friedrichsen, MPH
8:15 am	Day One Debrief Erik Friedrichsen, MPH
8:20 am	Committee Updates <u>Outcomes Committee Update</u> Sandy Burnham, MD, MSCE, and Danielle Bullock, MD <u>Scientific Development & Oversight Committee Update</u> Sheetal Vora, MD <u>Informatics Committee Update</u> Tzielan Lee, MD <u>Family Engagement Committee Update</u> Kerry Ferraro
9:00 am	Break and Stretch Time
